

EXHIBIT 2
(Page 1 of 1)

DOCUMENTATION OF EXEMPTION
FROM FAA NOTIFICATION REQUIREMENTS

Scripps Broadcasting Holdings, LLC.
San Diego, CA

The facility proposed in the attached application is a fixed downlink with the satellite antenna permanently ground mounted. The satellite antenna is a 5.5 meter parabolic reflector, with the center point of the dish mounted 2.4 meters (8 feet) above ground. With the antenna in operation with any of the domestic arc, permitted list satellites, the maximum operational height will never exceed 5.2 meters (17 feet) above ground. Therefore, pursuant to Section 17.14(b) of the FCC Rules and Section 77.15(b) of the FAA Rules and Regulations, this downlink facility is exempted from FAA notification requirements, since its height above ground does not exceed 6.1 meters (20 feet).
