DESCRIPTION OF AMENDED NOTIFICATION OF MINOR MODIFICATION (Response to FCC Form 312, Question 43)

HNS License Sub, LLC (“HNS”) hereby amends its notification (Call Sign E940460; IBFS File No. SES-MOD-20190405-00446) to provide for the following minor modifications under Section 25.118(a) of the Commission’s rules, 47 C.F.R. § 25.118(a), of its license under IBFS File Nos. SES-RWL-20190121-01536 & SES-MOD-20190405-00446:

- (1) add up to 500,000 0.9-meter remote terminals for communications with satellites on the Permitted Space Station List;
- (2) correct the geographic coordinates authorized under the license for two existing 6.1-meter hub station antennas to reflect their actual location at 36°14' 12.7"N and 115°7' 4.2" W (in WGS84 format), within 10 seconds in latitude or longitude of the originally authorized coordinates;
- (3) correct the geographic coordinates authorized under the license for an existing 4.6-meter hub station antenna to reflect its actual location at 36°14' 11.8"N and 115°7' 4.3" W (in WGS84 format), within 10 seconds in latitude or longitude of the originally authorized coordinates;
- (4) correct certain information, which inadvertently was deleted from the license for existing 5.6-meter hub station antennas, to specify two antenna units and communications with satellites on the Permitted Space Station List;¹ and
- (5) correct the geographic coordinates authorized under the license for two existing 5.6-meter hub station antennas to reflect their actual location at 36°14' 11.9"N and 115°7' 4.6" W (in WGS84 format), within 10 seconds in latitude or longitude of the originally authorized coordinates.

The license modification identified in (1) above to add up to 500,000 0.9-meter remote terminals is further specified in the Schedule B (FCC Form 312) attached to the original notification (IBFS File No. SES-MOD-20190405-00446). The remaining license modifications identified in (2) through (5) above are further specified in the Schedule B (FCC Form 312) attached to this amended notification.
