Subject: Application for KCPB-FM

Eleanor, I have made a typo and I am attaching a new coordination data sheet with the corrections on the Emission Designator for KCPB-FM, SES-REG-20031014-01400, E030226. The correct Emission Designators are 30K0F1D and 10M3G7W for this site. Please let me know if you have any other question.

Thank You

Tamara Leonard, Technical Assistant
