Subject: WUKY FCC Application

Hi Eleanor,

I work for the Andrew Corporation/Comsearch Division in Ashburn, Va., and we have been contracted to coordinate and license National Public Radio's (NPR) satellite earth stations. I recently filed an FCC application for their site WUKY in Lexington, Ky., and referenced Roger Chesser as the legal contact. I have been informed that Roger has since retired and the new legal contact will be Tom Godell.

I used the IBFS web site to do the filing.

WUKY's FCC file # is: SES-REG-20040604-00790
Call Sign: E040263

Thank you.

Dennis Mills
