Re: Construction of New Receive-Only Earth Station E170222 (SES-REG-20171229-01390)

Dear Ms. Dortch:

This letter is to notify the Commission that construction relating to new receive-only earth station authorization E170222, registered to Hearst Properties Inc. (“Hearst”), pursuant to the Commission’s grant dated February 14, 2018, in File No. SES-REG-20171229-01390, was completed on or around September 1, 2013. The receive-only earth station was constructed prior to the date the registration was granted, and Hearst voluntarily elected to file the registration application more recently.

Pursuant to the relevant provisions on the authorization and relevant portions of Rule Section 25.133(d) and (b), Hearst has authorized the undersigned to represent that Hearst’s operation of the earth station will be in conformance with the authorized parameters, and the earth station will remain operational during the license period unless the registration is submitted for cancellation.

If any questions should arise during the course of your consideration of this notification, it is respectfully requested that you communicate with this office.

Sincerely,

Stephen Hartzell  
*Counsel to Hearst Properties Inc.*
