

Call Sign: E180151

This supplement is to correct the following data for the KTOT location satellite Antenna Registration.

The hemisphere section in question E54/55 of the Schedule B needs to be selected as “W” for West.

Question E14 (site elevation), corrected to 735.6 meters.

Question E15 asked about the antenna. This should be selected as “Y” for yes because the antenna complies with 47CFR Section 25.209.

Question E21 asked about naming the point of communication, it was left blank. It needs to be selected as the “ Permitted List” satellite

Question E32, corrected to 4.5 meters.

Question E36, corrected to 745.6 AMSL.

Question E54/E55, corrected to 70West/139West

Question E56 (Azimuth East limit), corrected to 134.4.

Question E57 (Elevation East limit), corrected to 36.9.

Question E58 (Azimuth West limit), corrected to 233.

Question E59 Elevation West limit), corrected to 32.2.
