Re: amended information for SES-REG-20180510-00639

Dear Mr. Asongwed:

Gray Television Licensee, LLC ("Gray"), by its attorney, hereby files this letter to amend the above-captioned receive-only earth station registration application.

Due to administrative error, the application contains incorrect antenna gain information in response to Questions E41/42 and incorrect emission designator information in response to Question E47.

- For Antenna Patriot, the response for E41/E42 should be amended to 40.4 dbi at 4 GHz. For E47, the response should be amended to 36M067W.
- For Antenna DH 3.7M, the response for E41/E42 should be amended to 43.0 dbi at 4 GHz. For E47, the response should be amended to 36M067W.
- For Antenna Sat-1, -2, the response for E41/E42 should be amended to 44.3 dbi at 4 GHz. For E47, the response should be amended to 36M067W.

Please contact me with any additional questions.

Sincerely,

A handwritten signature in black ink, appearing to read "Henry Gola", written in a cursive style.
