

Greetings.

Our Earth Station registration application needs corrections. It is SES-REG\_201810605 Call Sign E180691.

Please correct E44, Frequency, to show 4200 not 12750.

Because this is a Receive-only, Items E48 and E49 need to be blank, please remove the values.

Please correct E57, value for antenna elevation angle for eastern limit be 13

Please correct the item E59 value for antenna elevation angle for western limit be 32.7

Please correct the item E56 value for antenna azimuth angle for eastern limit be 114.2

Please correct the azimuth angle western limit to be 209.2

Thank you
