In the matter of File No. SES-LIC-20180614-01475, Healy Site, SkyLine Tower LLC

We wish to withdraw our Waiver of the Public Notice DA 18-398 dated April 19, 2018 is specifically requested. This Public Notice States as one requirement for the 90 day filing window "that earth stations must be operational as of the release date of this notice".

Since the site is now constructed there is no need for this waiver. Reference attached site photo.

Respectfully Submitted,

Howard Epstein
