We are a non-profit, governmental educational facility (community college). This registration application is for a domestic fixed earth receive only satellite c-band dish which currently receives its radio audio programming from AMC18 at 105 degrees west longitude. The satellite has been in use for approximately 10 years.

A

By selecting B, the undersigned certifies that the applicant is subject to the geographic service or geographic coverage requirements specified in 47 C.F.R. Part 25 and will comply with such requirements.

B

By selecting C, the undersigned certifies that the applicant is subject to the geographic service or geographic coverage requirements specified in 47 C.F.R. Part 25 and will not comply with such requirements because it is not feasible as a technical matter to do so, or that, while technically feasible, such services would require so many compromises in satellite design and operation as to make it economically unreasonable. A narrative description and technical analysis demonstrating this claim are attached.
