

Erratum

Receive-Only Earth Station Registration on FCC Form 312

FCC Call Sign E190202

On August 13, 2018, Consolidated Communications Enterprise Services, Inc. ("CCES") filed a number of registration applications on FCC Form 312 for domestic fixed receive-only earth stations, including for the above-listed earth station at Kearney, Missouri, **call sign E190202** (file no. **SES-REG-20180813-03870**).

Recently it has come to CCES's attention that this registration applications provided an incorrect street addresses for this earth station. In Schedule B to FCC Form 312, fields E3, E4, E7, E8 and E9 the applicant provided the address of the contact person rather than the address of the earth station itself. In addition, field E10 (area of operation) was incorrectly listed as Continental United States.

The correct street address and location information for this earth station is:

E3: Street: 604 N. Jefferson St.
E4: Zipcode: 64060
E7: City: Kearney
E8: County: Clay
E9: State: Missouri
E10: Area of Operation: Kearney, MO

The geographic coordinates (lat/long) provided for these earth stations on FCC Form 312 Schedule B are correct as filed.
