Dear Ms. Dortch:

At the request of FCC staff, Evening Telegram Company d/b/a Morgan Murphy Media (“MMM”) submits this supplemental information in connection with its lump sum election for the company’s C-Band earth stations.¹ MMM requests removal of the two antennas listed below from the records for earth station E190512, which is licensed to MMM subsidiary QueenB Television of Kansas/Missouri, LLC:

Quantity: 2
Antenna ID: ANT 10-11
Description: 4.5 Meter Andrew

In reviewing the matter in connection with its lump sum election, MMM’s engineer determined that these antennas had been registered with call sign E190512 in error. In fact, these antennas are owned and operated by an unaffiliated third party that had registered the antennas under a different call sign.² Accordingly, MMM requests correction of IBFS records by removal of these two antennas from the call sign E190512, with no other changes.

Please contact the undersigned if there are any questions regarding this submission.

Respectfully Submitted,

/s/Brian R. Burns
