Jae Lim - see attached for location of earth stations at the Allen Oakwood Corr'l Institution in Lima, OH.

Lat/Long: 40 degrees - 46' 24.35"N / 84 degree 06' 02.82"W

Google Earth streams the world over wired and wireless networks enabling users to virtually go anywhere on the planet and see places in photographic detail. This is not like any map you have ever seen. This is a 3D model of the real world, based on real satellite images combined with maps, guides to restaurants, hotels, entertainment, businesses and more. You can zoom from space to street level instantly and then pan or jump from place to place, city to city, even country to country.

Get Google Earth. Put the world in perspective.
