Hi Jae,

Thank you for verifying our coordinates. There was a typo.

The coordinates should read 40 43 18.8 n 76 56 0.22 w.

Do we need to make a correction on the filing as well or is this something you can change on our behalf?

Hi Anna Hain,

I'm unable to verify location and presence of your earth station site 1 at 40 43 18.8 n 77 56 0.22 w.

Please verify coordinates.
