Jae

Yes we use both I must have been having a bad day when I filled those out ....or something didn't fill in correctly again I apologize for the inconvenience

Ed

One more question, for Antenna Polarization do you agree to use "Horizontal and Vertical"?  
Thanks.

**Subject:** RE: Form 312 B

Ok so that would be 40 49'40.63" N 75 39'0.04.96" W

Thanks  
Ed

Jae

Do you need each antenna coordinates or will the center of the area work as they are about 50 to 100 feet apart ?

Ed

**Subject:** RE: Form 312 B

Do you have coordinates for your antennas? Your application has antenna coordinates in the ocean, which I know is wrong.

Jae

Yes sorry for the confusion, our dish farm is in the field and one in the parking lot

Thanks again for your help

Ed

Ed,

Do you also agree with coordinates in the picture below?

Jae

Please correct the form using 36M0G7W per your suggestion

Thanks  
Ed Martino

Hi Erika,  
It could be one of your engineers at your company.

I was able to find coordinates of your site as you see in the screenshot below.

For emission you can consider using 36M0G7W as most of our applicants use.  
Please let me know if you agree and I will update your application.
