RE: **E191559**

Dear FCC:

This letter is to delete license **E191559** for a receive-only earth station licensed to Codcomm, Inc., Hyannis, Massachusetts. This license is a duplicate which was erroneously issued to us.

Our active and properly licensed single dual-polarization earth station license (E200497) remains operational and in effect.

Any questions, please contact me immediately at 508.361.2345 or email [john@rcrq.com](mailto:john@rcrq.com).

Thank you.

Sincerely,

CODCOMM, INC.
