Hello Jae,

My name is Dirk Nadon, EVP of Operations at WBIN Media Co. I'm responding on behalf of Mark Graham to your question about our Satellite Earth Station from your reference below.

It appears that the coordinates on Form 312 are incorrect. The engineer who submitted these forms is no longer with us, so I'm stepping in to correct this information. Please see the information below which I hope is helpful:

-This Satellite Earth Station is co-located at 51 Church Street, Laconia, NH with the STL transmitter of WBIN Media Co's WEMJ-AM. The WEMJ-AM STL license call sign is WQJD 466. The correct coordinates for both the STL and Earth Station are 43-31-47.0 / 071-28-07.0. A copy of the authorization for WQJD 466 is attached to this message for your reference.

-For you convenience, I've located the Satellite Earth Station and transmit location of WQJD 466 on Google Earth and attached 2 photos to this message for your reference.

I hope this information is suitable and sufficient to help you. Please call on me directly if I can help you further.

Dirk

Dirk Nadon
 Executive Vice-President of Operations
 Binnie Media / WBIN Media Co
 603-491-8875

Hi Mr. Mark Graham,

I hope you and your family are safe and well.

Your form 312 schedule B is incomplete.

I can proceed with condition 90487, but I need to check with you the site coordinates.

I see an antenna at site address, but site coordinates must be wrong.

Please provide new site coordinates.

Thanks.
