Subject: RE: no sight of antenna for application Fort Randall Cable Systems, Inc SES-REG-20181017-06777

Trang,

The address listed is what the City of Tripp uses for our location but I will correct the Latitude to : 43-12-52.68 N and Longitude to 97-58-00.30 W.

It's was submitted incorrectly.

I'm not sure how to correct the application but I will try as time permits.
