Dear Ms. Dortch:

Entercom License, LLC (“Entercom”), registrant of the above-referenced blanket C-band receive-only satellite earth station registration (Call Sign E201504) hereby submits the following updated information to report the decommissioning of certain antennas originally authorized. The antennas removed from service are identified in the chart below by Antenna ID, as set forth in the above-referenced registration, granted on July 14, 2020, as well as by location and antenna make and size –

Antenna Site ID	Location (City, State)	Geographic Coordinates		Antenna Make	Antenna Size (Diameter)

43	Philadelphia, PA	39° 57' 44.4"	75° 9' 51.5"	Patriot	3.1 meters
