

October 25th, 2018

This is a Supplemental Filing for my recent C-Band Dish applications. The application file numbers are:

SES-LIC-INTR2018-09248	Tongue River Communications
SES-LIC-INTR2018-09249	Tongue River Communications
SES-LIC-INTR2018-09250	Tongue River Communications

I am pleading to change the Classification of Filing for this application from “License of New Station” to “Registration of New Domestic Receive-Only Station”. When answering question 17b. of FCC 312 Main Form for these applications, I mistakenly selected button b1. instead of button b2. as intended. These applications are NOT for new stations.

Thank you.

Rob Hium
