Hey Jae,

See e-mail down below from Diane Pardy about her pending RE Application you are working on?

Thank you,
Eleanor

Diane,

Unfortunately I don't work with Earth Station applications. I've copied Towanda Byrant and Eleanor Lott on this email. They should be able to help you out.

Adrienne,

I am following up once again on the below referenced matter.

Please advise of status as soon as possible.

I sincerely appreciate any assistance you can provide in getting this matter resolved.

Regards,

Diane

Subject: Pending License Application Inquiry
Importance: High

Good Afternoon,

I am following up from a previous request on the application referenced below, which was filed in February 2019.

As previously discussed with the staff, due to an administrative oversight, the station's license renewal, due by 10/28/21018, was not timely submitted by the expiration date. Additionally, and due to the 4Q 2018 government shutdown, the possibility of seeking "Reinstatement" was no longer an option. Consequently, Nexstar was instructed to file for a new license and request retention of the recently expired call sign. To date, according to IBFS, there has not been any FCC

action on the application.

We are seeking a status update. Does the application require additional information from the applicant to continue processing? Please advise.

Subject: Pending License Application Inquiry

Good Morning,

I recently joined Nexstar in the legal department. I have been asked to follow up on a pending receive only C-Band relicensing application filed by Nexstar in February 2019. This application requested relicensing of E040106, which inadvertently expired 10/28/2018.

Can you please provide a status update and confirm if Nexstar needs to provide any additional information to facilitate further processing of this relicensing request.
