Hi Shannon,

I only have one email address for this application as you see below.

I am allowed to add the Condition 90487 to your application and use the standard Emission 36M0G7W per 90487 at this time.

Thanks and please let me know if you have any question.

Hello Jae,

Could you tell me who made this request originally? This email box is for the Legal department. I do not believe Legal submitted this application and I'm not sure who within Zply Fiber would need to provide the information you requested.

Thank you.

Best,
