

EXHIBIT 2  
(Page 1 of 1)

DOCUMENTATION OF EXEMPTION  
FROM FAA NOTIFICATION REQUIREMENTS  
Scripps Broadcasting Holdings, LLC.  
Baltimore, MD

The facility proposed in the attached application is a fixed downlink with the satellite antenna permanently ground mounted. The satellite antenna is a 4.5 meter parabolic reflector, with the center point of the dish mounted 2.7 meters (9 feet) above ground. Thus, the total height of the antenna system is less than 5 meters (16 feet) above ground. Therefore, pursuant to Section 17.14(b) of the FCC Rules and Section 77.15(b) of the FAA Rules and Regulations, this downlink facility is exempted from FAA notification requirements, since its height above ground does not exceed 6.1 meters (20 feet).
