

FAA NOTIFICATION NOT REQUIRED

FAA notification for the receive only earth station facilities reported herein is not required.

For the reported earth stations below 6.1 meters overall height above ground level- FAA notification is not required pursuant to 47 C.F.R. § 17.7(e)(3), because the antenna is less than 6.1 meters in height above ground level.

For the reported earth stations greater than 6.1 meters overall height above ground level- FAA notification is not required pursuant to the provisions of 47 C.F.R. § 17.7(e)(1).

(1) Any object that will be shielded by existing structures of a permanent and substantial nature or by natural terrain or topographic features of equal or greater height, and will be located in the congested area of a city, town, or settlement where the shielded structure will not adversely affect safety in air navigation;
