This is a Supplemental Filing for my recent C-Band Dish application. The application file number is:

SES-LIC-INTR2018-09340

Christian Media Incorporated (KCMI)

I am pleading to change the Classification of Filing for this application from “License of New Station” to “Registration of New Domestic Receive-Only Station”. When answering question 17b. of FCC 312 Main Form for this application, I mistakenly selected button b1. instead of button b2. as intended. This application is NOT for a new station.

Thank you.
