Dear Roxanne:

Attached is a copy of the Commission's March 26, 1997 Public Notice indicating that the applications for the renewal of registrations for receive-only earth stations E870865, Tallahassee, Florida and E870875, Detroit, Michigan were granted on March 21, 1997 and March 20, 1997, respectively. The new FCC file numbers are 718-DSE-R-97 and 717-DSE-R-97. The new registration expiration dates are 4/17/2007 and 4/24/2007, respectively. Please note that, according to Commission staff, a renewed authorization or other written notification of the renewals will not be issued; therefore, it is important that you keep this Public Notice as evidence that the earth stations are registered.

Sincerely,
