Satellite Division

Dear Ms. Lott:

Thank you for your assistance on the phone today! I am confident you can help us get this license issue resolved and finalized.

The Missouri Lottery and the Missouri Department of Secondary and Elementary Education used to have a partnership called the Lottery & Educational Telecommunications Service. This partnership operated a 9-meter C-band satellite earth station in Jefferson City, Missouri – call sign E940423. However, as of May 26, 2012, the satellite dish was sold and dismantled by a private purchaser.

We sent correspondence to the FCC numerous times to try to alert you that we no longer needed our license agreement. See some examples enclosed.

Please let me know if there is anything else we need to do to surrender the station and bring our agreement to a close, so we are no longer assessed charges. Also, if you could contact me by letter, by email (susan.goedde@molottery.com) or by phone (573-526-7425) to let me know when this matter is finalized, I would greatly appreciate it.

Thanks again for your expertise and excellent customer care!

War Goedde

Sincerely,

Susan Goedde

Communications Manager

Satellite Division International Bureau

To: FCC

I am writing about a recent bill we received for unpaid regulatory charges. The earth station in question is owned and operated by the State of Missouri. I believe we are exempt from regulatory fees as a governmental body. Additionally, the earth station is no longer in use and is being de-commissioned this spring. The station will be dismantled and sold before the end of our fiscal year in June.

Please let me know how to expunge these fees.

Sincerely,

John Wells

## Dear FCC:

I am writing to inform you that our license for our Jefferson City 9-meter C-band satellite earth station is no longer required. The station was dismantled in late 2012, and the parts were sold to a third party for resale. The license for our station referenced below, is no longer required.

Call Sign/FCC Identifier: E940423

Thank you for your time and attention to this matter.

Sincerely,

John Wells

# RADIO STATION AUTHORIZATION

Name: LOTTERY & EDUCATIONAL TELECOMMUNICATION SERVICE

**Call Sign:** E940423

Authorization Type: Renewal of License

File Number: SES-RWL-20040805-01100

Non Common Carrier

Grant date: 08/09/2004

**Expiration Date:** 

09/09/2019

SuppenderEd 6/18/2013

Nature of Service: Domestic Fixed Satellite Service

Class of Station: Fixed Earth Stations

A) Site Location(s)

# Site ID	Address	Latitude	Longitude	Elevation (Meters)	NAD	Special Provisions (Refer to Section H)
1) 1	205 JEFFERSON STREET JEFFERSON CITY, COLE, MO	38°34'38.0"N	92°10'16.0"W	181	UNK	

Subject to the provisions of the Communications Act of 1934, The Communications Satellite Act of 1962, subsequent acts and treaties, and all present and future regulations made by this Commission, and further subject to the conditions and requirements set forth in this license, the grantee is authorized to construct, use and operate the radio facilities described below for radio communications for the term beginning September 9, 2004 (3 AM Eastern Standard Time) and ending September 9, 2019 (3 AM Eastern Standard Time). The required date of completion of construction and commencement of operation is 00/00/0000. Grantee must file with the Commission a certification upon completion of construction and commencement of operation.

## B) Particulars of Operations

The General Provision 1010 applies to all receiving frequency bands.

The General Provision 1900 applies to all transmitting frequency bands.

For the text of these provisions, refer to Section H.

#	Frequency (MHz)	Polarizati Code	on Emission	Tx/Rx Mode	Max EIRP /Carrier (dBW)	Max EIRP Density /Carrier (dBW/4kHz)	Associated Antenna	Provisions (Refer to Section H)	Modulation/ Services

## **F) Remote Control Point:**

1 Call Sign: E940423

## G) Antenna Structure marking and lighting requirements:

None unless otherwise specified under Special and General Provisions

## H) Special and General Provisions

- A) This RADIO STATION AUTHORIZATION is granted subject to the following special provisions and general conditions:
  - 1010 --- Applicable to all receiving frequency bands. Emission designator indicates the maximum bandwidth of received signal at associated station(s). Maximum EIRP and maximum EIRP density are not applicable to receive operations.
  - 1900 --- Applicable to all transmitting frequency bands. Authority is granted to transmit any number of RF carriers with the specified parameters on any discrete frequencies within associated band in accordance with the other terms and conditions of this authorization, subject to any additional limitations that may be required to avoid unacceptable levels of inter-satellite interference.
  - 2010 --- This authorization is issued pursuant to the Commission's Second Report and Order adopted June 16, 1972 (35 FCC 2d 844) and Memorandum, Opinion and Order adopted December 21, 1972 (38 FCC 2d 665) in Docket No. 16495 and is subject to the policies adopted in that proceeding.
  - 2454 --- All satellite uplink transmissions carrying broadband video information shall comply with the Automatic Transmitter Identification System (ATIS) requirements of Section 25.281 of the Rules, as modified by FCC Report No. DS-1066, released on April 3, 1991.

## H) Special and General Provisions

A) This RADIO STATION AUTHORIZATION is granted subject to the following special provisions and general conditions:

- 2810 --- The grantee shall maintain on file with the Commission's current list or plan of the precise frequencies in actual use at this station, specifying for each such frequency: the r.f. center frequency, polarization, emission designator, EIRP (dBW), EIRP density (dBW/4kHz), and receiving earth station(s). This list or plan may be submitted either on a station-by-station basis or on a system-wide basis, and shall be updated within seven days of any changes in frequency usage at this station. Temporary usage of frequencies for periods of less than seven days need not be notified to the Commission if accurate station records are maintained of the times and particulars of such temporary frequency usage.
- 2916 --- Transmitter(s) must be turned off during antenna maintenance to ensure compliance with the FCC-specified safety guidelines for human exposure to radiofrequency radiation in the region between the antenna feed and the reflector. Appropriate measures must also be taken to restrict access to other regions in which the earth station's power flux density levels exceed the specified guidelines.
- 2938 --- Upon completion of construction, each licensee must file with the Commission a certification including the following information: name of the licensee, file number of the application, call sign of the antenna, date of the license and certification that the facility as authorized has been completed, that each antenna facility has been tested and is within 2 dB of the pattern specified in Section 25.209 and that the station is operational including the date of commencement of service and will remain operational during the license period unless the license is submitted for cancellation.

5216 --- All operations shall be on a non-common carrier basis.

## B) This RADIO STATION AUTHORIZATION is granted subject to the additional conditions specified below:

This authorization is issued on the grantee's representation that the statements contained in the application are true and that the undertakings described will be carried out in good faith.

This authorization shall not be construed in any manner as a finding by the Commission on the question of marking or lighting of the antenna system should future conditions require. The grantee expressly agrees to install such marking or lighting as the Commission may require under the provisions of Section 303(q) of the Communications Act. 47 U.S.C. § 303(q).

Neither this authorization nor the right granted by this authorization shall be assigned or otherwise transferred to any person, firm, company or corporation without the written consent of the Commission. This authorization is subject to the right of use or control by the government of the United States conferred by Section 706 of the Communications Act. 47 U.S.C. § 706. Operation of this station is governed by Part 25 of the Commission's Rules. 47 C.F.R. Part 25.

This authorization shall not vest in the licensee any right to operate this station nor any right in the use of the designated frequencies beyond the term of this license, nor in any other manner than authorized herein.

This authorization is issued on the grantee's representation that the station is in compliance with environmental requirements set forth in Section 1.1307 of the Commission's Rules, 47 C.F.R. § 1.1307.

This authorization is issued on the grantee's representation that the station is in compliance with the Federal Aviation Administration (FAA) requirements as set forth in Section 17.4 of the Commission's Rules. 47 C.F.R.§ 17.4.

The following condition applies when this authorization permits construction of or modifies the construction permit of a radio station.

This authorization shall be automatically forfeited if the station is not ready for operation by the required date of completion of construction unless an application for modification of authorization to request additional time to complete construction is filed by that date, together with a showing that failure to complete construction by the required date was due to factors not under control of the grantee.

Licensees are required to pay annual regulatory fees related to this authorization. The requirement to collect annual regulatory fees from regulates is contained in Public Law 103-66, "The Omnibus Budget Reconciliation Act of 1993." These regulatory fees, which are likely to change each fiscal year, are used to offset costs associated with the Commission's enforcement, public service, international and policy and rulemaking activities. The Commission issues a Report and Order each year, setting the new regulatory fee rates. Receive only earth stations are exempt from payment of regulatory fees.
