Sophie can you do a correction/change on the next Public Notice for the renewal below.

Tnx. T.

Subject: Earth Station License

Adrienne,

I recently realized that in filing a renewal application (File #SES-RWL-20050907-01218) for a Miami earth station (E950491), although I had the correct call sign in the body of the application, I mistakenly put call sign E940491 in the form description. As a result, it looks like the application has been processed under the erroneous call sign/licensee. Please let me know what, if anything, I should do to remedy the situation.

Thanks for your help!
