**Re: CableSouth Media III, LLC
KV82 / Ferriday, LA
Petition for Reinstatement**

Ladies/Gentlemen:

This letter is submitted on behalf of CableSouth Media III, LLC to request reinstatement of the registration for receive-only earth station KV82 which expired on October 29, 2009.

Due to an administrative oversight, a renewal application was not filed with the Commission and steps have been implemented to ensure that such an incident does not reoccur. CableSouth has held many earth station licenses and registrations over the years and strives to ensure that all licenses are maintained according to the Commission's rules and are timely renewed.

The station has remained in operation, however, and reinstatement to continue operations is requested because the station provides essential services to CableSouth's cable system serving Ferriday, Louisiana. No modifications have been made to the facilities covered by this registration.

In view of the considerations discussed above, the public interest will be served by approval of this request for reinstatement to continue operation of KV82.

Should any further information be required, please contact the undersigned.

Sincerely yours,

A handwritten signature in black ink, appearing to read "Alan Taylor".
