Re: **US Cable of Coastal-Texas, LP**  
Receive-Only Earth Station KG59  
Moberly, Missouri  
SES-RWL-20110107-00017  
Correction to FCC Records

Dear Ms. Dortch,

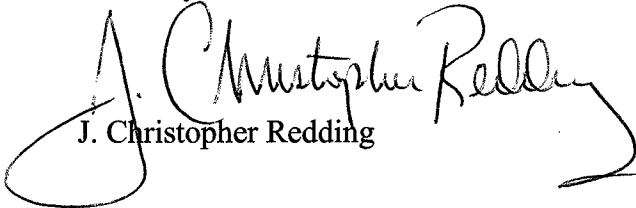

On behalf of US Cable of Coastal-Texas, LP (“US Cable”), and at the request of the International Bureau staff, we hereby request a correction to the FCC’s records with respect to the ownership of the above-referenced earth station. KG59 is a registered receive-only facility that is owned and operated by US Cable in connection with its Moberly, Missouri cable television system. However, due to an inadvertent clerical error, the registration recently was renewed by Comcast of Florida I, Inc.

US Cable acquired the station from TCI Cablevision of Missouri, Inc. pursuant to an assignment of the registration in 2001 (SES-ASG-20010430-00807). A copy of the IBFS record reflecting that assignment is attached. Subsequently, in 2006, Comcast Communications submitted a name change notification for numerous earth station facilities previously registered to its TCI entities. Notwithstanding the previous 2001 assignment, the name change notification, a copy of which is attached, mistakenly included station KG59. Due to this record keeping mistake, Comcast inadvertently renewed KG59 in error. Comcast has been contacted and acknowledges the error. Therefore, it is requested that the IBFS records be updated to reflect US Cable of Coastal-Texas, LP (FRN No. 0004-4539-81) as the current registrant.

Re: **Name Change Notification**

Dear Ms. Lott:

On behalf OF Comcast Communications, this is to advise the Commission the names OF the receive-only earth station registrations on the attached list have changed. There is no change in corporate structure or ownership. Please update the Commission's records to reflect this name changes.

If you have any questions please call Marlene E. Shoemaker or the undersigned.

Sincerely,

  
Wesley R. Heppler
