**Subject:** Error on KG72 Renewal, Submission\_id IB2011001107

Dear Ms. Lott,

I noticed that I had made an error on the Earth Station License Renewal Application for Call Sign KG72, file # SES-RWL-20110415-0453, Submission\_id: IB2011001107. I had inadvertently selected the wrong option on Form 312-R, Section 9. Although I did state that "Earth Station Complies with 47 CFR (A) & (B)", instead of selecting "no" for the answer, I had selected "yes". Please make a note of this and let me know if I need to do anything else on my part to get this error corrected. Thank you.

Kind regards,  
Maurice
