

**Before the
FEDERAL COMMUNICATIONS COMMISSION
Washington, DC 20554**

In the Matter of

Expanding Flexible Use of the 3.7 to
4.2 GHz Band

GN Docket No. 18-122

EARTH STATION CERTIFICATION

I, Catherine Fox, hereby declare as follows:

- 1) I am the Sr. Deputy General Counsel for Comcast Cable Communications Management, LLC (“Comcast”). I have been employed in this position for ten years.
- 2) In my position, I am responsible for overseeing various regulatory and compliance obligations for Comcast, including the licenses and registrations that Comcast uses to support its cable system operations.
- 3) In 2018, Comcast undertook an audit to review its earth station registrations. As part of this audit, Comcast can confirm that the registrations listed in the attached Exhibit A accurately reflect the call sign(s), file numbers and licensee for Comcast’s earth stations. In addition, as part of its review, Comcast filed for multiple new or modified earth station registrations between April 19, 2018 and October 31, 2018. Pursuant to the International Bureau’s April 11, 2019 Public Notice, however, these registrations and applications are exempt from the certification requirement and, thus, are excluded from this Exhibit A.¹

The undersigned, individually and for the applicant, licensee or registrant, hereby certifies that all the information reflected in Comcast’s application, licenses and registrations in IBFS, including the attached Exhibit A, are true, complete and correct to the best of my knowledge and belief, and have been made in good faith.

Dated this 28th day of May, 2019.

By: Catherine Fox

Name: Catherine Fox

¹ *Deadline for Submission of Information on Earth Station and Satellite Use of the 3.7 – 4.2 GHz Band*, Public Notice, DA 19-278 at 2 (IB Apr. 11, 2019).
