Re: **CoxCom, LLC**
Receive-Only Earth Station KB49
Tulsa, Oklahoma
SES-RWL-20120206-00140
Correction to FCC Records

Dear Ms. Dortch,

CoxCom, LLC (“CoxCom”), hereby requests a correction to the FCC’s records with respect to the name of the registrant of the above-referenced earth station. KB49 is a registered receive-only earth station facility that is owned and operated by CoxCom in connection with its Tulsa, OK cable television system. Due to an inadvertent clerical error, the registration recently was renewed under the name Cox Enterprises, Inc., which is the corporate parent of the CoxCom. In as much as the renewal application was granted on February 9, 2012, it is requested that the IBFS records be updated to reflect CoxCom, LLC (FRN No. 0001-5244-61) as the current registrant.

If you have any questions please contact the undersigned.

Sincerely,

Derrick Hanson
Director, FCC Regulations
Cox Communication
