

PETITION FOR REINSTATEMENT

The applicant, pursuant to Section 25.163(a) of the Commission's rules, respectfully requests reinstatement of the domestic receive-only earth station registration listed in the preceding FCC Form 312.¹ Due to an administrative oversight, a renewal application for this facility was not filed prior to the registration's expiration date, which occurred less than thirty days ago. In order to ensure timely filings in the future, the applicant has implemented additional processes to track the expiration dates of its receive-only earth station registrations, including use of a master database of its various FCC authorizations. Accordingly, the applicant requests that the Commission reinstate the subject registration, and process the instant renewal application *nunc pro tunc*. The applicant respectfully submits that such action would serve the public interest, convenience and necessity.

¹ 47 C.F.R. § 25.163(a).
