**Re: Allen Holdings, Inc. d/b/a Allen Communications, E020331
File No. SES-RWL-20171017-01178**

Dear Mr. Gonsalves:

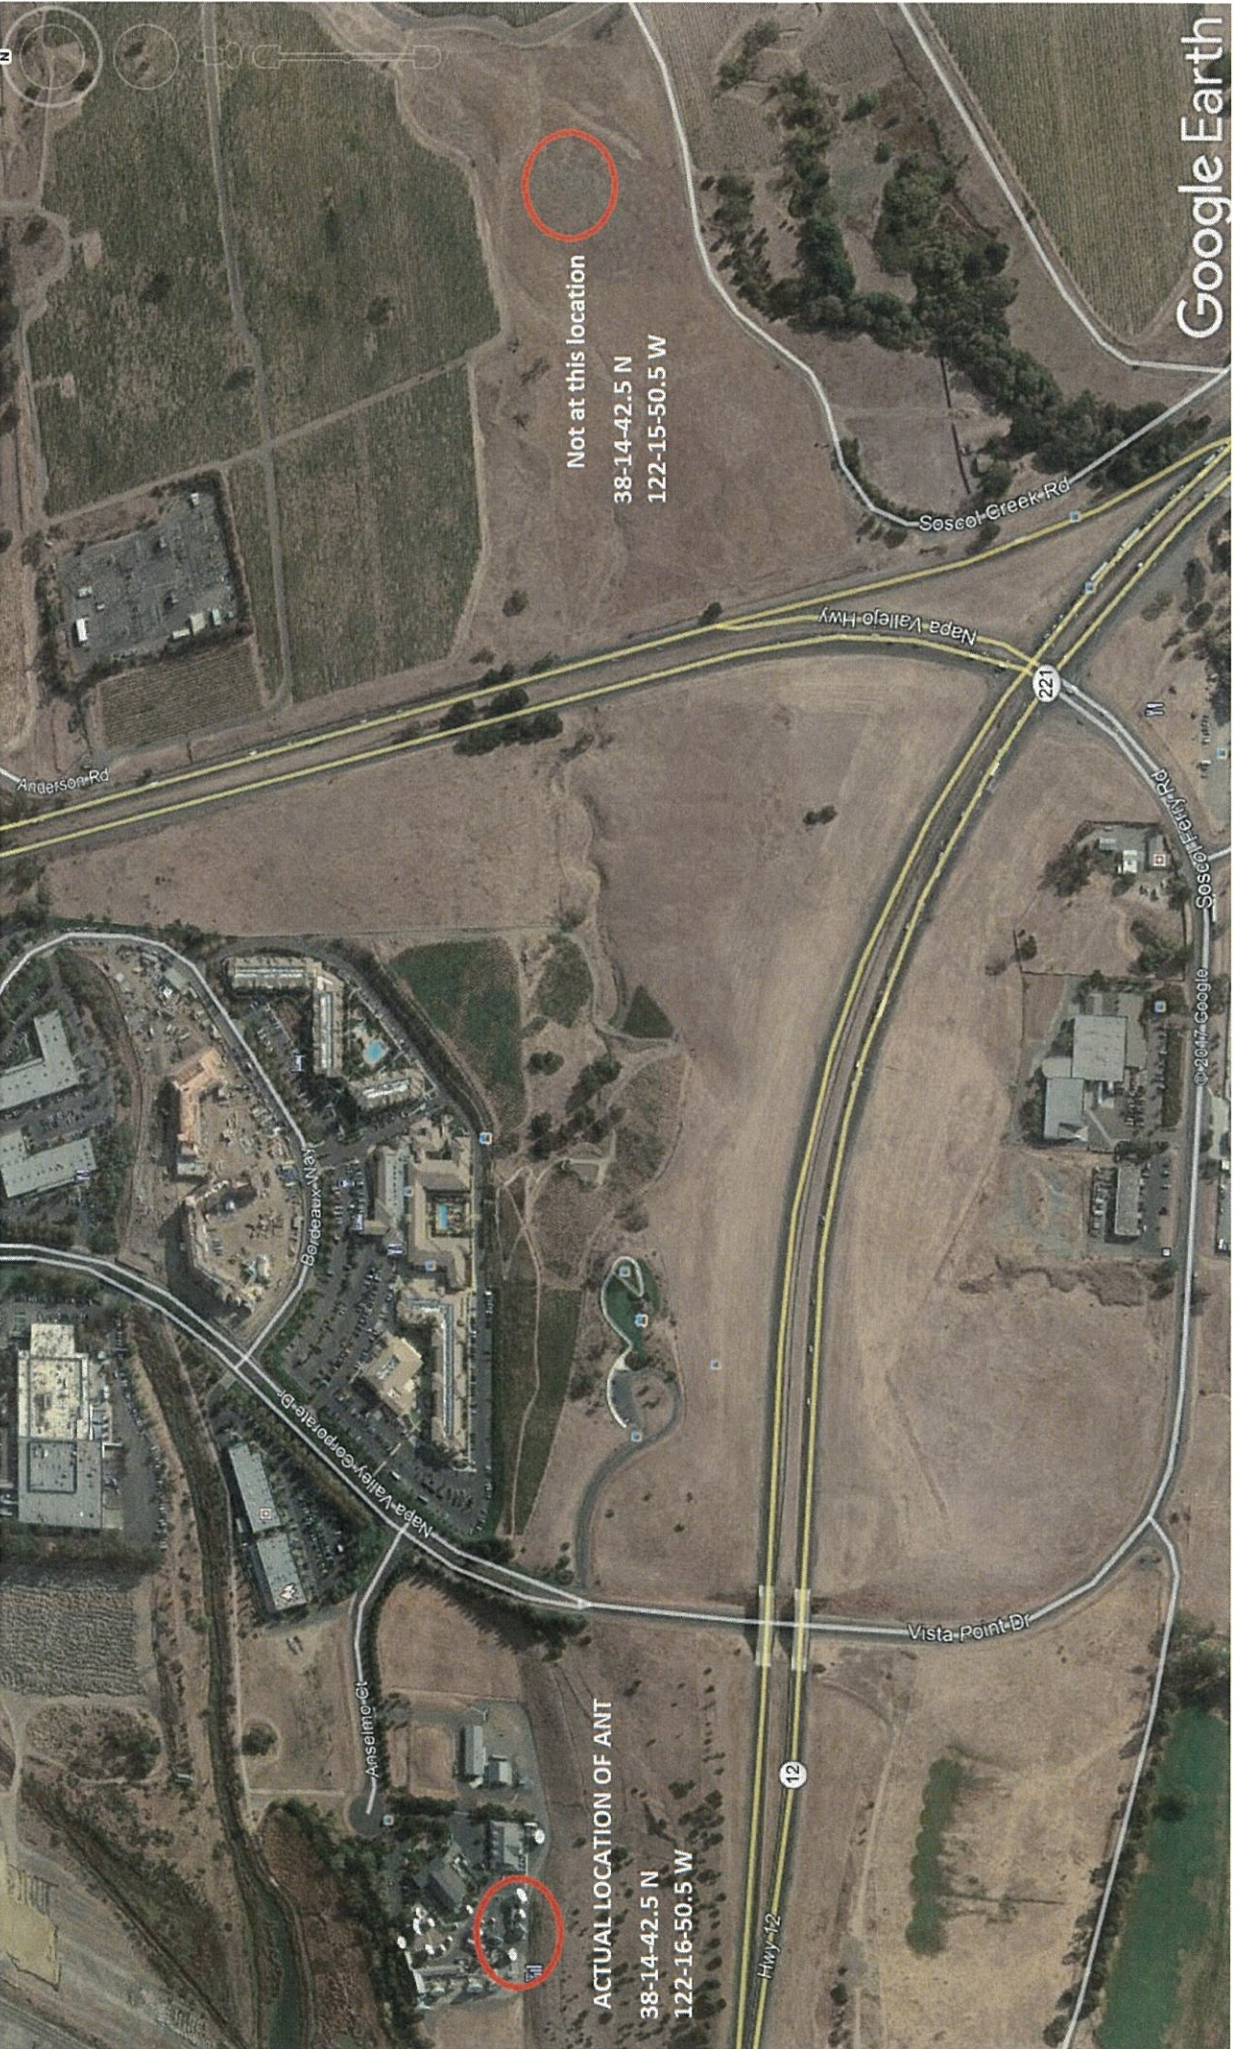

This letter is being submitted to respond to your correspondence dated October 24, 2017 regarding the license renewal application for Earth Station E020331 (File No. SES-RWL-20171017-01178). The correct coordinates for E020331 are 38-14-42.5 N and 122-16-50.5 W, and the station is still in operation. There appears to have been a typo in the coordinates listed on a license modification application for E020331 (File No. SES-MOD-20160324-00270), which incorrectly reported the station's longitude as 122-15-50.5 W. The attached map confirms the station's correct coordinates and location.

Please contact the undersigned if there are further questions about this matter.

Sincerely,

A handwritten signature in blue ink that reads "Frank R. Jazzo". The signature is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.

Frank R. Jazzo
*Counsel for Allen Holdings, Inc. d/b/a
Allen Communications*
