Jae,
Sorry for the late response.

Below is a Google Earth screen shot of the location of our antenna. It is the white circle located under the red pin on your image. We filed SES-MOD-20181030-03742 of 10/30/2018. This modification increased our Western Arc and corrected the coordinates to a 1A survey accuracy. Please let me know if you have any questions or need additional information.

Thanks.

Hi Cynthia L Hall,

Unfortunately I don't have a good picture of location of your antenna.

Can you verify coordinates and let me know where your antenna is located on this picture?

Thanks.
