

Petition to Reinstate

This application seeks a reinstatement and renewal of the license for temporary fixed earth station E040060, which is licensed to Gray Television Licensee, LLC (“Gray”). Through an inadvertent oversight, the renewal application was not filed by the expiration date of September 22, 2019.

The E040060 earth station is used in conjunction with the operations of KTUU-TV, Anchorage, Alaska for the coverage of important news, weather and sporting events and is important to the station’s operation. This link is vital in alerting residents of potential severe weather threats that may affect the area.

Accordingly, pursuant to section 25.163 of the rules, Gray respectfully requests reinstatement and renewal of the license for earth station E040060.
