Good morning Jae,

Following up on your note to Rich, can we just remove the retired satellites (Amazonas-1 and Satmex-5)?

Solidaridad-F2 was replaced by Eutelsat 113WA, can we swap the names? Looks like all the other

satellites are still in operation.

Can this be done administratively, or do we need to file a 1.65 letter?

Thank you!

Jason

Hi Richard Cameron,

Some of your satellites are either retired or replaced.

Please see below and verify your PntComm

Thanks.
