[External]

Hi Christina Burrow,

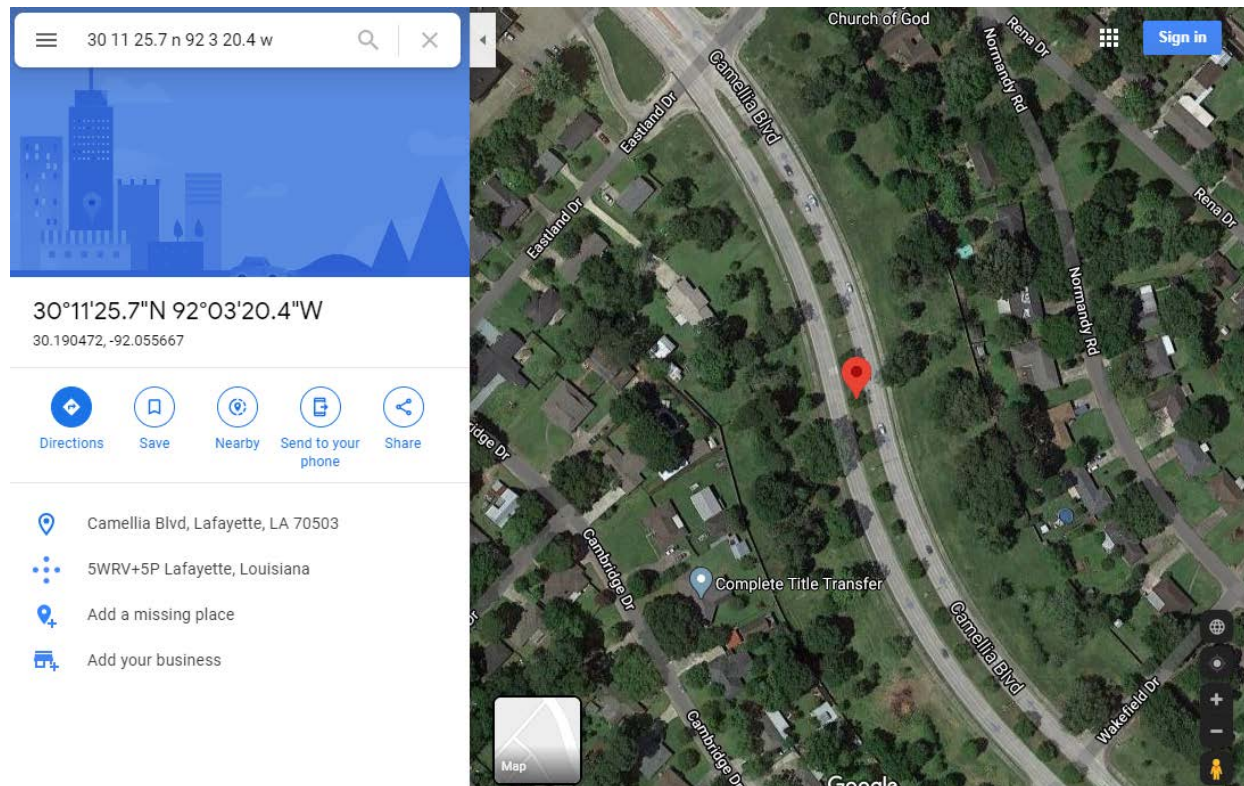

I hope all is well with you and your family.

I was able to verify location of your earth station at site address, but your coordinates are inaccurate.

Per DA 17-1127 I suggest you use WGS84 on Google Earth and provide a brief statement verifying your WGS84 coordinates.

You can submit this statement as a pleading or email me and I can attach to your RWL application.

Thanks.

Jae Lim
