E6851, Transmit/Receive Earth Station, Johnston, IA
Iowa Public Broadcasting Board
Application for Renewal of License
FCC Form 312-R, Question 9
Attachment 1, Page 1 of 1

ENVIRONMENTAL COMPLIANCE EXHIBIT

This application requests renewal of the license for an existing domestic fixed satellite transmit/receive earth station, call sign E6851, Johnston, IA.

Grant of this application does not involve significant environmental impact as that term is defined in Section 1.1307 of the Commission's Rules for the following reasons:

- (a) The facility is not in a site location specified under $\S1.1307(a)(1-8)$.
 - (1) The facility is not located in an officially designated wilderness area.
 - (2) The facility is not located in an officially designated wildlife preserve.
 - (3) The facility does not affect listed threatened or endangered species or designated critical habitats, nor jeopardize the continued existence of any proposed endangered or threatened species, nor result in the destruction or adverse modification of proposed critical habitats, as determined by the Secretary of the Interior pursuant to the Endangered Species Act of 1973.
 - (4) The facility does not affect districts, sites, buildings, structures or objects, significant in American history, architecture, archeology, engineering or culture, that are listed, or are eligible for listing, in the National Register of Historic Places.
 - (5) The facility does not affect Indian religious sites.
 - (6) The facility is not located in a flood plain.
 - (7) The facility does not involve any significant change in surface features (e.g., wetland fill, deforestation or water diversion).
 - (8) The antenna tower and/or supporting structures are not equipped with high intensity white lights and are not located in a residential neighborhood as defined by the applicable zoning law.
- (b) The facility, operation or transmitter does not cause human exposure to any levels of radiofrequency radiation in excess of the applicable safety standards specified in §§1.1307(b) and 1.1310.
