Hi Kathy,

I was able to verify all satellites you listed in the Permitted List.

You already have the Permitted List as your PntComm and so I suggest we keep only the Permitted List as your PntComm.

You will have access to all satellites you listed.

Please confirm this change for me.

Thanks.

Hi Kathleen McGovern,

I hope all is well.

Some of your PntComms are either retired or replaced.

Please consider deleting satellites if these are included in the Permitted List.

Please see below and provide an updated list of PntComm.

Thanks.
