Hi Jae,

On line 3), DIRECTV's call sign should be "S2632", the current listing has a typo. This satellite is also now located at 119.05 WL (see SAT-MOD-20200810-00094).

Lines 4), 5) and 6) are correct and these satellites are still operational.

We would also prefer to keep the Permitted List as a point of communication.

Please let me know if I can address any other issues. Thanks, Katy
