Re: Supplement to Application of SageNet LLC for Special Temporary Authority, Commission File No. SES-STA-20210303-00426 (Call Sign E860013), to remove SATMEX 5 / EUTELSAT 117 West A from Points of Communication and to Define Satellite Utilization by Antenna

Dear Ms. Nguyen:

By this correspondence SageNet LLC (“SageNet”) is hereby informing the Commission that the SageNet application for Special Temporary Authority (“STA”) file number SES-STA-20210303-00426, associated with call sign E860013, is to utilize earth station facilities within the conventional Ku-band geostationary Fixed Satellite Service (“FSS”) and will not utilize the “SATMEX-5 @ 116.8 W.L.” satellite, that is currently known as “EUTELSAT 117 West A”, as listed in Section D “Points of Communication” of call sign E860013. SageNet is not using this satellite, and has no plans to utilize this satellite, under call sign E860013 or with any other SageNet earth station authorization. Therefore, SageNet requests the Commission to exclude the satellite formerly known as “SATMEX-5”, and currently known as “EUTELSAT 117 West A”, from this STA.

SageNet hereby informs the Commission that the antenna facilities associated with this STA are to utilize satellites noted in the following table.

Antenna ID Call Sign E860013	Satellite Name	Orbital Location (degrees West Longitude)	Licensee or Grantee	Administration	Satellite Call Sign
9.0M	SES-2	87	SES Americom, Inc.	USA	S2826
K4.6M	Galaxy 17	91	Intelsat License LLC, Debtor-in-Possession	USA	S2715
K9.2M	SES-1	101	SES Americom, Inc.	USA	S2807

SageNet is hereby informing the Commission that the subject STA, associated with call sign E860013, will utilize the aforementioned satellites for transmission and reception of signals within the conventional FSS Ku-band of 14.0 to 14.5 GHz earth-to-space and 11.7 to 12.2 GHz space-to-earth frequency bands for the duration of the STA.

For your reference, a similar request for removal of SATMEX-5 (EUTELSAT 117 West A) from Section D, Points of Communication, will also be made for the SageNet filing to renew call sign E860013 under file number SES-RWL-20210310-00458.

Please contact me, or SageNet engineer Paul Holland, if you have any questions.

Sincerely,

A handwritten signature in blue ink, appearing to read "AR", is centered on the page.
