Re: Supplement to Application of SageNet LLC for Special Temporary Authority, Commission File No. SES-RWL-20210310-00458 (Call Sign E860013), to remove SATMEX 5 / EUTELSAT 117 West A from Points of Communication

Dear Ms. Nguyen:

By this correspondence SageNet LLC ("SageNet") hereby requests the Commission to remove the satellite formerly known as "SATMEX-5", and currently known as "EUTELSAT 117 West A", from the application to renew Commission authorization for call sign E860013, under file number SES-RWL-20210310-00458, in Section D "Points of Communication" of the authorization. SageNet desires to continue to retain authorization for Points of Communication with satellites operating in the conventional Fixed Satellite Service Ku-band¹ that are listed in the Commission Approved Space Station List².

For your reference, a similar request was also made for the SageNet filing for Special Temporary Authority ("STA") under file number SES-STA-20210303-00426.

Please contact me, or SageNet engineer Paul Holland, if you have any questions.

Sincerely,

A handwritten signature in blue ink, appearing to read "AR", is positioned above the typed name of the sender.

Andrew Ruiz de Gamboa
SageNet LLC, General Counsel
