And the same answer here -- we would prefer to have it listed as "DIRECTV T8" at 119.05W. Thank you!

Hi Katy Milner,

Thanks for this information.

Should I also replace [DirecTV8@119.05W](#) with DirecTV [T8@119.05W](#)?

Hi Jae, I have the same answer for this earth station. For call sign E060187, can you please remove SPACEWAY 1 from the Points of Communications? That satellite has been deorbited. The other information is current and accurate. Thanks, Katy
