

Engineering Statement
CBS BROADCASTING INC.
E910381 Address and Coordinate Correction

CBS BROADCASTING INC. (Paramount), licensee of Ku-band earth station E910381, herein submits a license renewal application. This statement explains minor changes shown on the instant application.

Per the August 2024 request of the FCC staff, we have revised the RF Exposure study to incorporate a different, more conservative near-field exposure formula. The application also shows a correction to the site street address and coordinates. Notably, no actual changes have been made to this facility.
