

### Petition for Reinstatement of License

WDEF-TV, Inc. hereby respectfully requests reinstatement and renewal of its authorization for earth station E960525. The licensee inadvertently overlooked the filing deadline for an application for renewal of license and received no notice of the impending license expiration date. Furthermore, the routine reminder system of licensee's counsel has been disrupted by staffing and office changes which resulted from the COVID-19 pandemic. When the licensee recognized the oversight, it immediately prepared and filed the renewal application to which this reinstatement request is attached. No changes in the authorization are proposed.

For the foregoing reasons, including disruptions caused by the COVID-19 pandemic, WDEF-TV hereby requests reinstatement and renewal of the authorization for E960525.
