Ms. Arrington:

Re: IBFS Submission Number IB2003003509, Request for Special Temporary Authority("STA")

Please correct the applicant name on the above referenced request to read as follows:

Dispatch Productions, Inc. dba Ohio News Network, Inc. The correct FRN for this entity is 0006-1732-49.

This correction will conform the applicant information for the STA with the underlying application for a new transportable, transmit-receive earth station that was filed with the FCC on December 16, 2003 (IBFS Submission Number IB2003002502).

I inadvertently entered the Parent company name and FRN as the applicant for the STA request. I apologize for any inconvenience and delay this inaccuracy may have caused in the processing of the STA.

Please call or email me if you have any additional questions or need additional information.

I hope you have a wonderful holiday.

Sincerely,

Laurie McCarty
