Hi Bill,

My examination of this STA, Call Sign E040193 and File Number SES-STA-2004042-00584, reveals that Verestar is operating, apparently, this facility (E040193) without having obtained prior FCC approval to do so. Pending underline Application License SES-LIC-20040426-00583 is on Accepted For Filing Public Notice June 2, 2004. Question to you, Bill, should I grant the subject STA in the face of probable Enforcement Action? Please respond by 2:00 pm, June 3, 2004.

Thank you
