## **12. Description**

ARTEL, Inc. filed to license two Ku-band transmit/receive earth stations in Anchorage, Alaska. The 2 earth stations are located at Elmendorf AFB, and are in support of communications for US Forces deployed in Alaska and Hawaii. Because of upcoming missions by forces deploying from these locations, and because current military engagements and exercises have accelerated the need to have new systems in place to support possible military contingencies, ARTEL would like to request a Special Temporary Authority to operate the earth stations prior to the granting of the license.
